

## **All We Need Is Snow**

Blow a snowstorm into town, lots of white fluff falling down.  
To the slopes we'd all be bound. Now all we need is snow.

Ev'ry single kid we know loves to play out in the snow.  
Bring it and away we'll go. Yes, all we need is snow.

Sledding, skiing, skiing, freezing, build a snowman too.  
Gliding, sliding, slipping, sneezing, fun for me and you. (A-choo!)

If the snow decides to stay, school gets cancelled for the day.  
Kids and teachers shout "Hooray!" our joy would overflow.  
Now all we need is snow.
